This is the same course report that I got a 3 for but Kaleigh (White) got a 4. Both of us were unaware of the report and this is my first time teaching this course and was only behind by 1 report because I had never seen it.

They are due at the end of the semester right? Since this is my first online course teaching online here can I have a 4 for that section since I never had any course report due (outside of clinicals which I completed)

Also! How do I review the quizzes for NUR329?

I cannot find a repository that has the forms. So keep what I sent. Performance evals for didactic are at the end of the term. We are not changing any evaluations. Course reports are monthly to me. The quizzes are embedded it looks like so you may have to wait until 2 weeks before the course starts.
